Dear Paul:

I received your note and am sorry to learn that your financial problems are not being quickly resolved. More so, I hope that your health will improve once you have had the [REDACTED] [REDACTED] resolved. It is too bad that you have these complications in addition to the legal problems.

I have presented your request to the Clergy Fund Board and my understanding is that this matter will be addressed this week along with that of others.

[REDACTED]
He has shared this with me, Paul, and I will be in conversation with you about it after a short vacation I am taking this week. In the meantime, know that you are in my prayers. I will be in contact with you in a couple weeks. Take care.

Sincerely yours,

Reverend John B. McCormack
